The village is also situated on top of an impressive cliff and offers a spectacular view over the volcano of Palia and Nea Kameni and the island of Thirassia. Oia is situated on the north of the island, 11 km away from Fira. It is a traditional village with charming houses in narrow streets, blue domed churches, and sun-bathed verandas. Its streets have plenty of tourist shops, taverns, cafes, and other shops.

Oia has several cultural attractions like the Maritime Museum which houses a small library, items from the maritime life of the area, and the vestiges of a Venetian fortress. Many artists fell in love with the area and settled there. For that reason, the village of Oia has many art galleries. Oia also has a small port, Ammoudi, which can be reached by a set of 300 steps leading down. There, small boats can take you opposite, to the island of Thirassia.
